

CAR FREE DAY

What is Car Free Day?

It is an international event celebrated every September 22nd in which people are encouraged to give up using their car for the day. Maybe **walk, cycle, scoot** or look at using **other forms of transport** to reduce the amount of air pollution plus motor traffic on our roads.

How can you play a part?

- ✓ Encourage your school to be involved
- ✓ Ask parents/guardians not to use their car
- ✓ Park further from the school entrance
- ✓ Walk children to and from school
- ✓ Use other forms of transport
- ✓ Spread the word to family and friends
