In line with Department for Education expectations, annual reports provide information about your child's attainment, progress, attendance and personal development, alongside comments from their class teacher about their achievements and next steps for learning.

We value your views and would welcome any feedback on your child's report. If you would like to comment on the report, please email our admin email address.

Phones down: The 7-day summer challenge

We are asking pupils to voluntarily take a break from smartphones for the first week of the summer holidays while raising funds for the Brianna Ghey Legacy Project.

Children are sponsored by friends and family to put their phones down for the 7 days and instead spend time connecting offline, playing outside, seeing friends, helping at home, and trying new activities.

Everything is free and designed to be low effort for schools.

Pupils can sign up individually, create a fundraising page, and take part in a way that works for their family.
